Re: Magna Metals Site - #3-60-003
510-534 Furnace Dock Road
Cortlandt Manor, New York

Dear Mr. Hubicki:

Baker Capital Limited Partnership (Baker Capital) continues to operate and maintain the sub-slab depressurization system (SSDS) in the Polymedco office and lab space on the Magna Metals site as requested by the New York State Department of Environmental Conservation and the New York State Department of Health. As part of the maintenance and inspection activities, Baker has retained Aztech Technologies, Inc. to perform annual inspections on the systems and, if necessary, to repair the system. The annual inspection reports for the system for 2016 and 2017 are attached for your records.

Please feel free to call me at (914) 461-9344 if you should have any questions or if I can be of assistance.

Very truly yours,
Baker Capital Limited Partnership
